Package contents	1 Pan Tilt camera, 1 power adapter, 1 user manual, 1 set of screws

DESCRIPTION

The Luxion S2-B1 indoor surveillance camera is ideal as a baby monitor or, more generally, for the security of your home. It offers a clear Full HD image, two-way audio communication and night vision.

It rotates automatically to follow movement and sends notifications directly to your phone. It is easy to install, connects quickly via Wi-Fi and can be accessed at any time from the app.

A modern, effective solution for your peace of mind.

Features

Motorised pan-tilt camera with automatic motion tracking and smart notifications.

- Motorised rotation: 355° horizontal and vertical tilt
- Two-way communication: microphone and speaker to talk and listen in real time
- Motion detection: instant notifications when motion is detected
- Auto tracking: the camera automatically follows the moving object
- Image rotation: supports flip and mirror
- Infrared night vision up to 8-10 metres
- Smart alarm: real-time email and notification alerts

App control

Remote operation and video viewing via a smartphone app.

- Remote video control via the app
- Compatible apps: YI IOT, Tuya Smart, Smart Life
- Wi-Fi connection
- Storage on TF/SD card up to 128 GB or in the cloud

Ideal for

Monitoring indoor residential spaces.

- Baby monitor
- Home security and surveillance
