DESCRIPTION

Touch switch, double + single, with a Luxion glass frame. The LUXION switch range stands out for its compact, elegant and minimalist design.

The switches are versatile in use and the touch sensor is extremely precise, the same as that of a smartphone. The construction is durable and the switches do not fade over time.

This is a practical product, made from quality materials and built to last, offering functionality and comfort in your home.

- Double and single touch switch on a single glass panel
- High-precision touch sensor
- Suitable for damp areas
- Finish that does not fade

Compact, elegant and minimalist design

Enjoy the versatility of the new Luxion switches. The LUXION double + single touch switch combines a double and a single switch on one elegant glass panel.

Touch sensor

The touch sensor is extremely precise, the same as the sensor of a smartphone.

Moisture resistant

It can be used in damp areas.

Does not fade

The elegant design stays unchanged over time.

Structure / components

The switch consists of three main parts.

- Glass panel
- Switch mechanism
- Metal mounting frame

- Height: 86 mm
- Panel thickness: 9 mm
- Mechanism depth: 26 mm
- Mechanism height: 49 mm
- Fixing hole spacing: 130 mm and 60 mm
- Screw fixing system

live (L) and the outputs L1, L2, L3. Switch off the power before installation and removal.

- Neutral (N)
- Live (L)
- L1
- L2
- L3

Installation steps

- 1. Open the package.
- 2. Connect the wires and tighten the screws.
- 3. Fix the frame with the screws.
- 4. Fit the front panel.
