DESCRIPTION

Luxion double two-way / intermediate touch switch with glass frame, RF433. It can be controlled with the Luxion RF remote control. Please note: the remote control is sold separately!

LUXION switches stand out for their compact, elegant and minimalist design. They are versatile in use, and the touch sensor is extremely precise, the same as that of a smartphone. The construction is durable and the switches do not discolour over time. This is a practical product, made from quality materials and with a long service life, offering functionality and comfort in your home.

It is compatible with the Luxion RF remote control.

Up to 3 switches can be connected in the circuit (with an intermediate).

Important: two-way switches only work when installed and synchronised with other Luxion two-way products. Luxion products do NOT work with switches from other manufacturers.
