DESCRIPTION

The Luxion double two-way touch switch mechanism can be fitted either on its own in a Luxion panel or together with other Luxion sockets and two-way switches in a Luxion glass frame with switch.

Luxion two-way switches work only in combination with Luxion two-way switches. Compatible only with LUXION glass frames and panels.

Up to 3 switches can be connected in the circuit (with an intermediate switch).

CAUTION! Some LED lamps may not work properly after the switches are installed (flickering, not switching on or not switching off, etc.). In such cases, SWITCH OFF the power supply and fit the adapter included in the package to the live and neutral of the light fitting.
