SPECIFICATIONS

Brand	LUXION
Standard	German (Schuko)
Category	Touch switches › Triple touch switches
Product type	Triple touch switch with marble panel, 500 W
Operation	Touch, no sound when touched; fits a conventional electrical installation
Number of buttons	3
Operating voltage	110–240 V AC (tolerance -15% ~ +10%), maximum 250 V AC
Frequency	50/60 Hz
Maximum load	300 W/channel for LED lamps (3–300 W); 500 W/channel resistive load
Standby consumption	0.02 W
Neutral wire (N)	Not required
LED indicator	Blue when the light is on, dim blue when it is off
Front material	Marble
Base material	Fire-resistant PVC
Front dimensions (W × H)	86 × 86 mm
Depth	35 mm overall

Operating temperature	-20 ~ +70 °C
Operating humidity	≤95%
Package contents	Switch and metal frame
Colours	black, grey, white

DIMENSION DRAWING

DESCRIPTION

The LUXION marble triple touch switch is compatible only with LUXION mechanisms and stands out for its premium, elegant and minimalist design.

Made from natural marble, this model offers added refinement and exclusivity, ideal for modern interiors, luxury homes, hotels or premium offices.

Made from quality materials, durable and practical, it offers functionality and convenience, perfectly complementing a sophisticated décor.

- Fits a conventional electrical installation, with no neutral wire required.
- Blue LED indicator when the light is on and dim blue when it is off; it makes no sound when touched.
- The metal frame is also included in the package.

Features

Triple touch switch with a natural marble front, for premium, sophisticated spaces.

- Premium natural marble front
- Three independent touch channels
- Blue LED indicator when the light is on, dim blue when it is off
- Silent operation, no sound when touched
- Compatible only with LUXION mechanisms

Ideal for

- Modern interiors
- Luxury homes
- Hotels
- Premium offices

Technical parameters

- Voltage tolerance: -15% ~ +10%
- Load: 3–300W max. for LED lamps, 500W for resistive load
- Operating frequency: 50/60Hz
- Power consumption: 0.02W
- Operating temperature: -20°C ~ +70°C

Structure / components

The set includes the touch switch and the metal frame.

- Set components: LX-ST-301, LX-GPM-003
- Base made of fire-resistant PVC plastic
- Dimensions: 86 x 86 x 35 mm

(N) directly to the lamps. Each lamp is connected to its own output: L1, L2 and L3.

- L: live input
- L1: output to lighting circuit 1
- L2: output to lighting circuit 2
- L3: output to lighting circuit 3
- N: neutral, connected to the lamps
- Caution: switch off the power supply during installation and removal
