DESCRIPTION

Luxion triple touch switch mechanism, RF433. LUXION switches stand out for their compact, elegant and minimalist design. They are versatile in use and the touch sensor is extremely precise, the same as that of a smartphone.

The construction is durable and the switches do not discolour over time. This is a practical product, made from quality materials and built to last, bringing functionality and comfort to your home.

Via RF433 the mechanism can also be controlled remotely, using the LUXION RF433 remote control.

Compatible only with LUXION glass frames and panels.
