DESCRIPTION

LUXION sockets stand out for their compact, elegant and minimalist design. They are versatile in use and feature child protection. Their construction is durable and they do not discolour over time. This is a practical product, made from quality materials, that brings functionality and comfort to your home.

The LUXION single smart Schuko socket with glass frame combines Wi-Fi and RF433, so you can switch your appliances on and off from anywhere:

- Via the app: with the Smart Life app for iOS and Android.
- By voice command: compatible with Amazon Alexa and Google Home, as well as IFTTT.
- By RF remote control: with the Luxion RF remote control (sold separately).

The app offers a timer, scheduling, group control (sharing with the family) and scene creation. You can also choose the socket's state after a power cut: on, off or retain the previous state.

Note: Luxion Wi-Fi sockets connect directly to the Wi-Fi router, with no Hub required. For app control you need to install the Smart Life app, while RF control requires the Luxion RF remote control, purchased separately.
