DESCRIPTION

The Luxion door and window sensor detects when a door or window opens or closes and immediately sends a notification to the Smart Life app.

Installation is quick and easy with the adhesive tape. The distance between the sensor and the magnet must not exceed 10 mm.

Combined with other Luxion smart devices, you can create smart scenes, for example:

- when the sensor is triggered, the light in a room switches on;
- or all the lights in a room switch off.

Features

Smart sensor for doors and windows, controlled from your mobile phone.

- Wi-Fi connection
- Event history
- Notifications
- Control via app

Instant notifications in the Smart Life app

The Luxion door and window sensor immediately sends a notification to the Smart Life app every time the door opens or closes.

Create smart scenes

Combined with other Luxion smart devices, you can create smart scenes: when the sensor is triggered, the light in a room switches on or all the lights in a room switch off.
