DESCRIPTION

LUXION sockets stand out for their compact, elegant and minimalist design. They are versatile, feature child protection, and their latest-generation technology helps save energy. The construction is durable and the sockets do not discolour over time.

This is a practical product, made from quality materials and built to last, offering usability and comfort in your home.

The LUXION USB media socket with glass frame is used to connect a USB cable for data transfer. The mechanism combines one USB A port and one blank cover.

CAUTION: This USB socket is used for power supply only. NOT FOR CHARGING!

Features

Compact, elegant and minimalist design. Enjoy the versatility of the new LUXION products: USB media socket with glass frame.

- Does not discolour: the elegant design remains unchanged
