Base material	Flame-retardant PVC
Front dimensions (W ×	50 × 50 mm

Depth	5 mm + 26 mm
Mechanism dimensions	Height 49 mm, depth 26 mm
Fixing screw spacing	60 mm
Package contents	Mechanism; glass panel and metal frame not included

DIMENSION DRAWING

DESCRIPTION

LUXION switches stand out for their compact, elegant and minimalist design. They are versatile, and the touch sensor is extremely precise, just like a smartphone screen. The construction is durable and the switches do not discolour over time. This is a practical product, made from quality materials and built to last, offering functionality and comfort in your home.

The mechanism connects directly to the internet via Wi-Fi, with no hub required. It can also be controlled with the Luxion RF remote control, sold separately.

It can be fitted in an installation with a neutral wire or in a conventional installation without a neutral wire.

- 4 touch channels, up to 1000W per channel
- LED indicator: blue when the light is on, dim blue when it is off
- Silent operation: no sound when touched

Compatible only with LUXION glass frames and panels.
