DESCRIPTION

The Luxion Mini-Smart smart relay is ideal for quickly turning any ordinary appliance into a smart one. It allows remote control via an app, scheduling and automations, as well as voice commands via Alexa or Google Home.

Features

Turns ordinary appliances into smart ones, without replacing existing equipment.

- Switching household electrical appliances on / off
- Scheduling, timer and countdown
- Built-in automations and smart scenes
- 1 input / 1 output, maximum current 10A

App control

Full control from your mobile phone via 2.4GHz Wi-Fi, from anywhere.

- Remote control via mobile app
- Voice control via compatible assistants (Alexa, Google Home)
- Multiple control: one phone for several devices and vice versa
- Group control for multiple devices
- Access sharing with family members

Ideal for

A compact solution for indoor spaces.

- Controlling lighting from your mobile phone
- Controlling other electrical appliances and equipment
- A modern, energy-efficient home
