DESCRIPTION

Luxion USB A+C socket module, designed to be fitted on the Luxion modular track. You are free to configure the number and position of the sockets to suit your own needs. Installation is quick, and modules can be added or repositioned with ease.

The blue LED ring makes the socket easy to locate in low-light conditions, while the modern design blends perfectly into homes, offices and commercial spaces. Made from quality materials, it ensures safe, long-lasting use.

The socket is compatible with, and works only on, the Luxion modular track, which is sold separately.

Features

USB charging socket with two port types, for flexible use on the Luxion modular track.

- USB-A and USB-C ports
- 20W power
- Blue LED ring for easy location in low light
- Polycarbonate (PC) and aluminium housing
