DESCRIPTION

The Luxion smart plug lets you control your appliances remotely via the Smart Life or Tuya app. Energy consumption is monitored in real time, while automatic scheduling provides extra convenience and efficiency.

It is compatible with Alexa and Google Home, making it ideal for home automation. Its compact design, 16A rating and voice control make it well suited to easy management of household electrical appliances and to reducing energy consumption.

Features

Wi-Fi smart plug for automating your home's electrical appliances.

- Real-time energy consumption monitoring
- Automatic scheduling and timer
- Real-time display of the plug's status
- Automation of household electrical appliances
- Quick installation and easy use

App and voice control

Remote control via smartphone and voice assistants.

- Remote control via the Smart Life or Tuya Smart app
- Voice control via Amazon Alexa and Google Home
- Control sharing with family members
